AraSchool

PRODUCT PROPOSAL

COMPLETE SCHOOL MANAGEMENT. SIMPLIFIED.

ARASCHOOL

Complete School Management System

“Transform the way your school operates, communicates and grows.”

Illustrative interface. Sample data shown for demonstration purposes only.

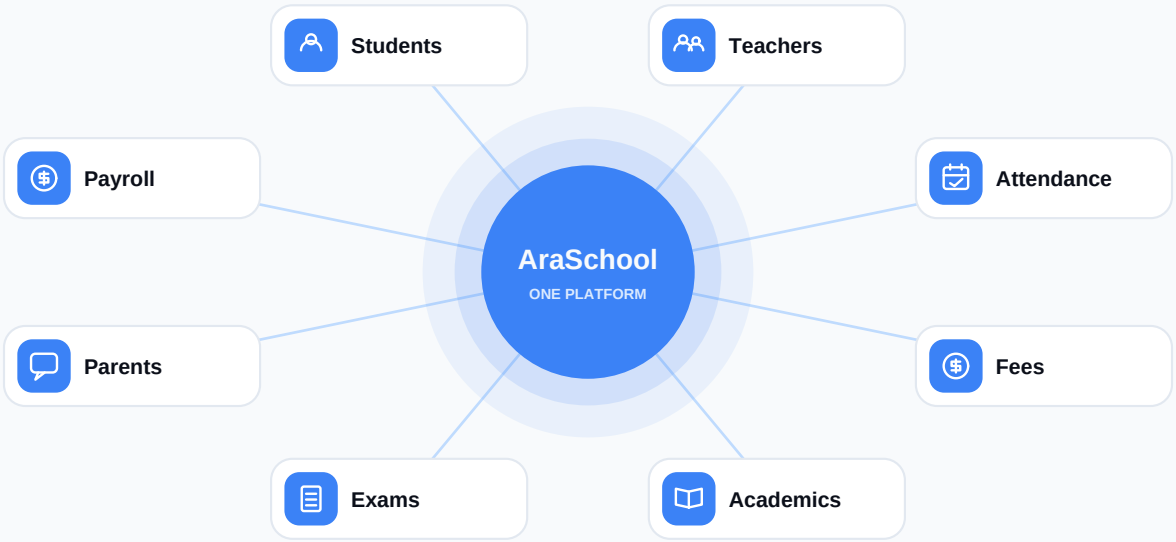

Powered by ARANEXT Solutions

BUILD. MANAGE. GROW.

02 / EXECUTIVE OVERVIEW

ONE PLATFORM. YOUR ENTIRE SCHOOL.

AraSchool brings the major administrative and academic operations of a school into one centralized digital platform, replacing disconnected registers, spreadsheets and messaging groups with a single connected system.

PLATFORM CAPABILITIES AT A GLANCE

Student Management	Teacher Management	Attendance
Fees & Accounts	Academics	Exams & Results
Timetable	Homework	Payroll
Parent Communication	Reports & Analytics	Documents & Records
Role-Based Access	Cloud-Ready Infrastructure	**AI-Powered Capabilities (planned)**

AI-powered capabilities are presented as planned / future capabilities. See page 13.

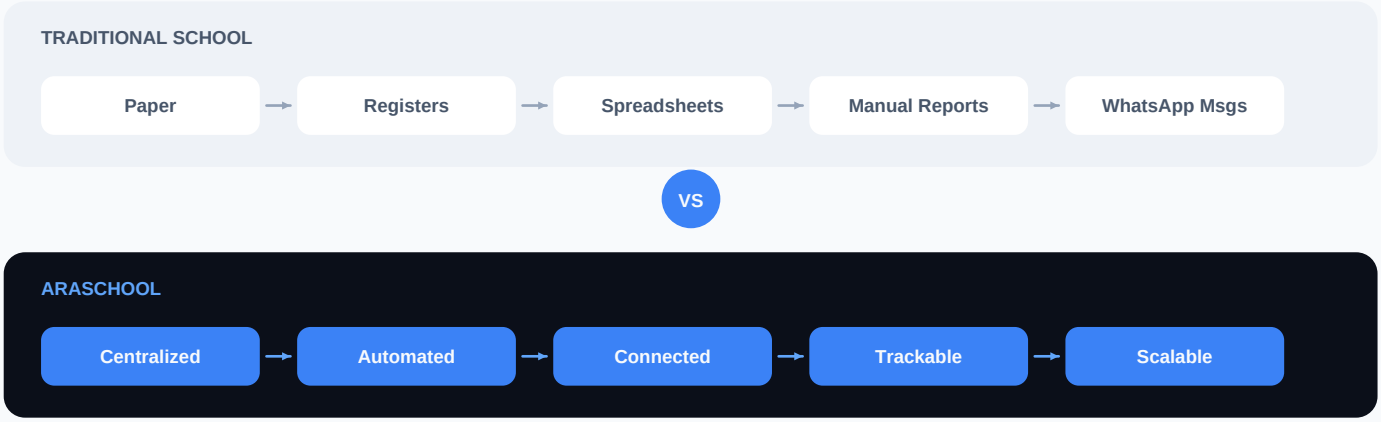

03 / THE PROBLEM

SCHOOLS DESERVE BETTER THAN SPREADSHEETS & PAPERWORK.

Running a school on paper, registers and chat groups creates hidden cost: lost time, inconsistent records and limited visibility for the people who lead the school.

- ✕ Manual attendance
- ✕ Payroll complexity
- ✕ Paper-based student records
- ✕ Duplicate data entry
- ✕ Difficult fee tracking
- ✕ Limited reporting
- ✕ Scattered teacher information
- ✕ Difficulty managing multiple departments
- ✕ Manual result preparation
- ✕ Internet connectivity challenges
- ✕ Parent communication gaps

THE SHIFT

Less manual work

Routine tasks move from paper to system.

One source of truth

Records live in a single place.

Clear visibility

Leaders see operations at a glance.

04 / COMPLETE SCHOOL MANAGEMENT

EVERYTHING YOUR SCHOOL NEEDS

Sixteen connected modules cover the full daily life of a school, from the front desk to the classroom to the accounts office.

Administration
Central control of school setup, sessions, branches and settings.

Student Management
Admissions, profiles, records and complete student history.

Teacher Management
Profiles, assignments, schedules and attendance.

Parent Management
Parent profiles linked to students with portal access.

Attendance
Daily and monthly tracking for students, teachers and staff.

Fees & Accounts
Challans, payments, fines, receipts and financial reports.

Academics
Classes, sections, subjects and academic records.

Exams & Results
Marks entry, grading, results and report cards.

Timetable
Class and teacher schedules organized in one view.

Homework
Assign, track and share homework with parents.

Payroll
Salary structures, payroll records and staff payments.

Communication
Announcements, reminders and parent messaging.

Documents
Digital records and documents for students and staff.

Reports & Analytics
Management dashboards and exportable reports.

Notifications
Timely alerts for attendance, fees, results and updates.

Role & Permission Management
Control what each user can view and manage.

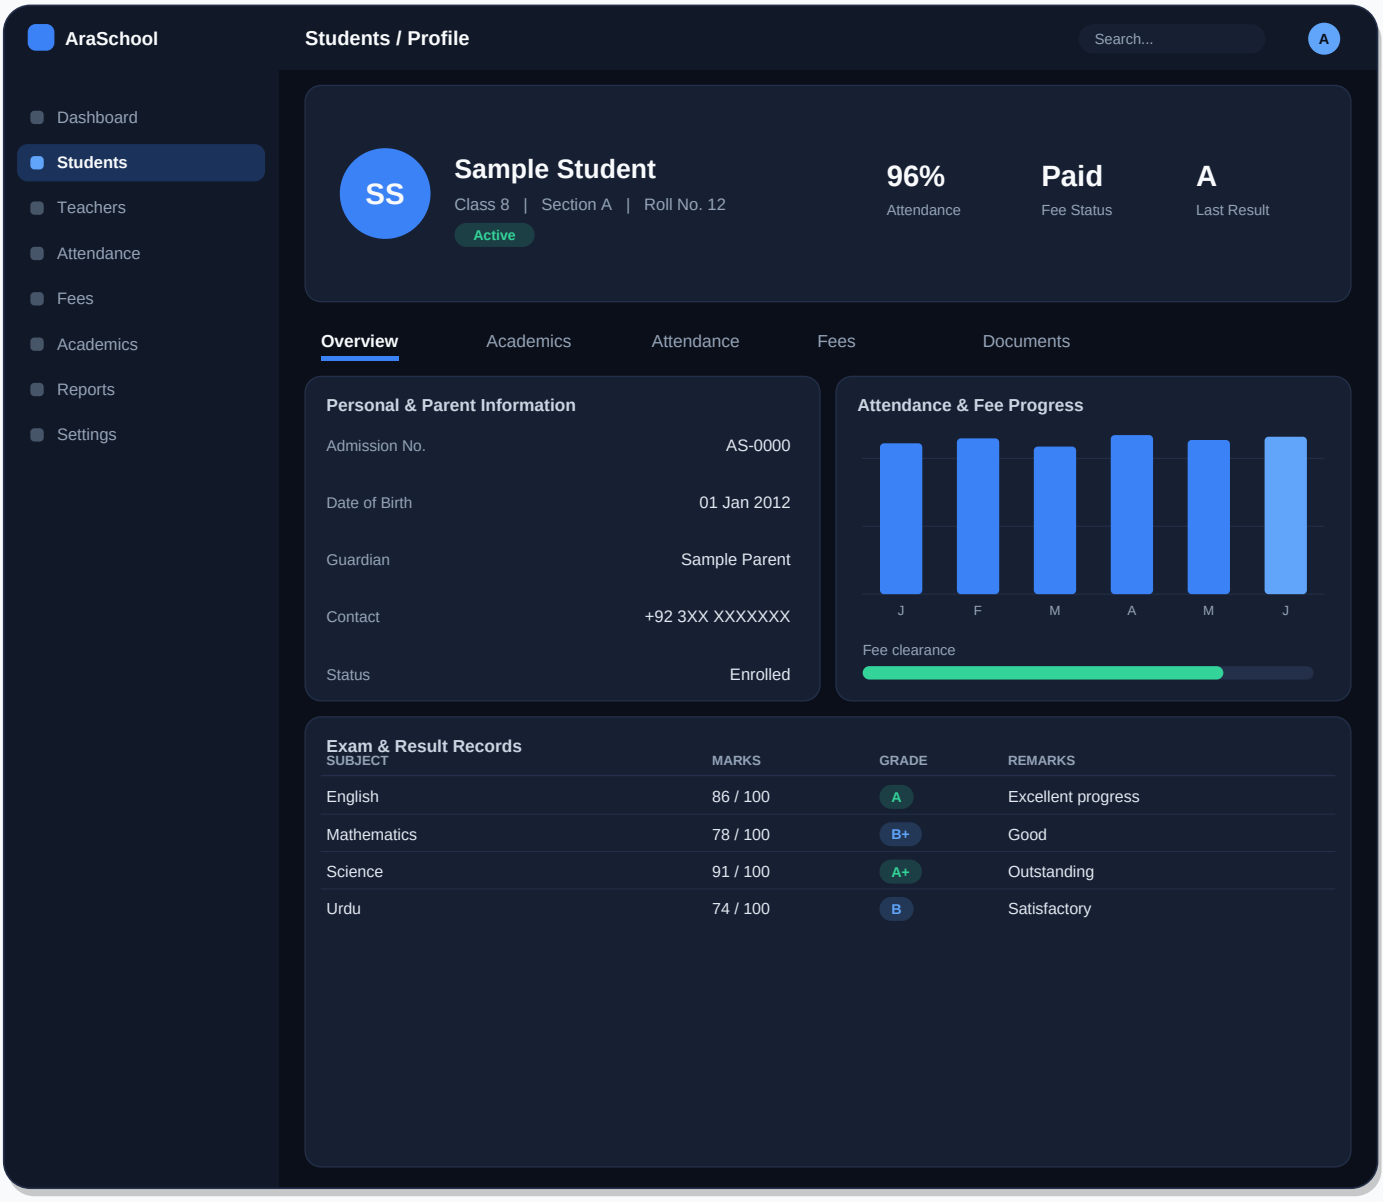

05 / STUDENT MANAGEMENT

STUDENT MANAGEMENT

From admission to graduation, every student record lives in one organized, searchable profile.

- Student Registration
- Admissions
- Student Profiles
- Student Photos
- Student Documents
- Class & Section Assignment
- Student History
- Student Promotion
- Student Status
- Parent Information
- Academic Records
- Attendance Records
- Fee Records
- Exam & Result Records

STUDENT PROFILE

Illustrative interface. Sample data shown for demonstration purposes only.

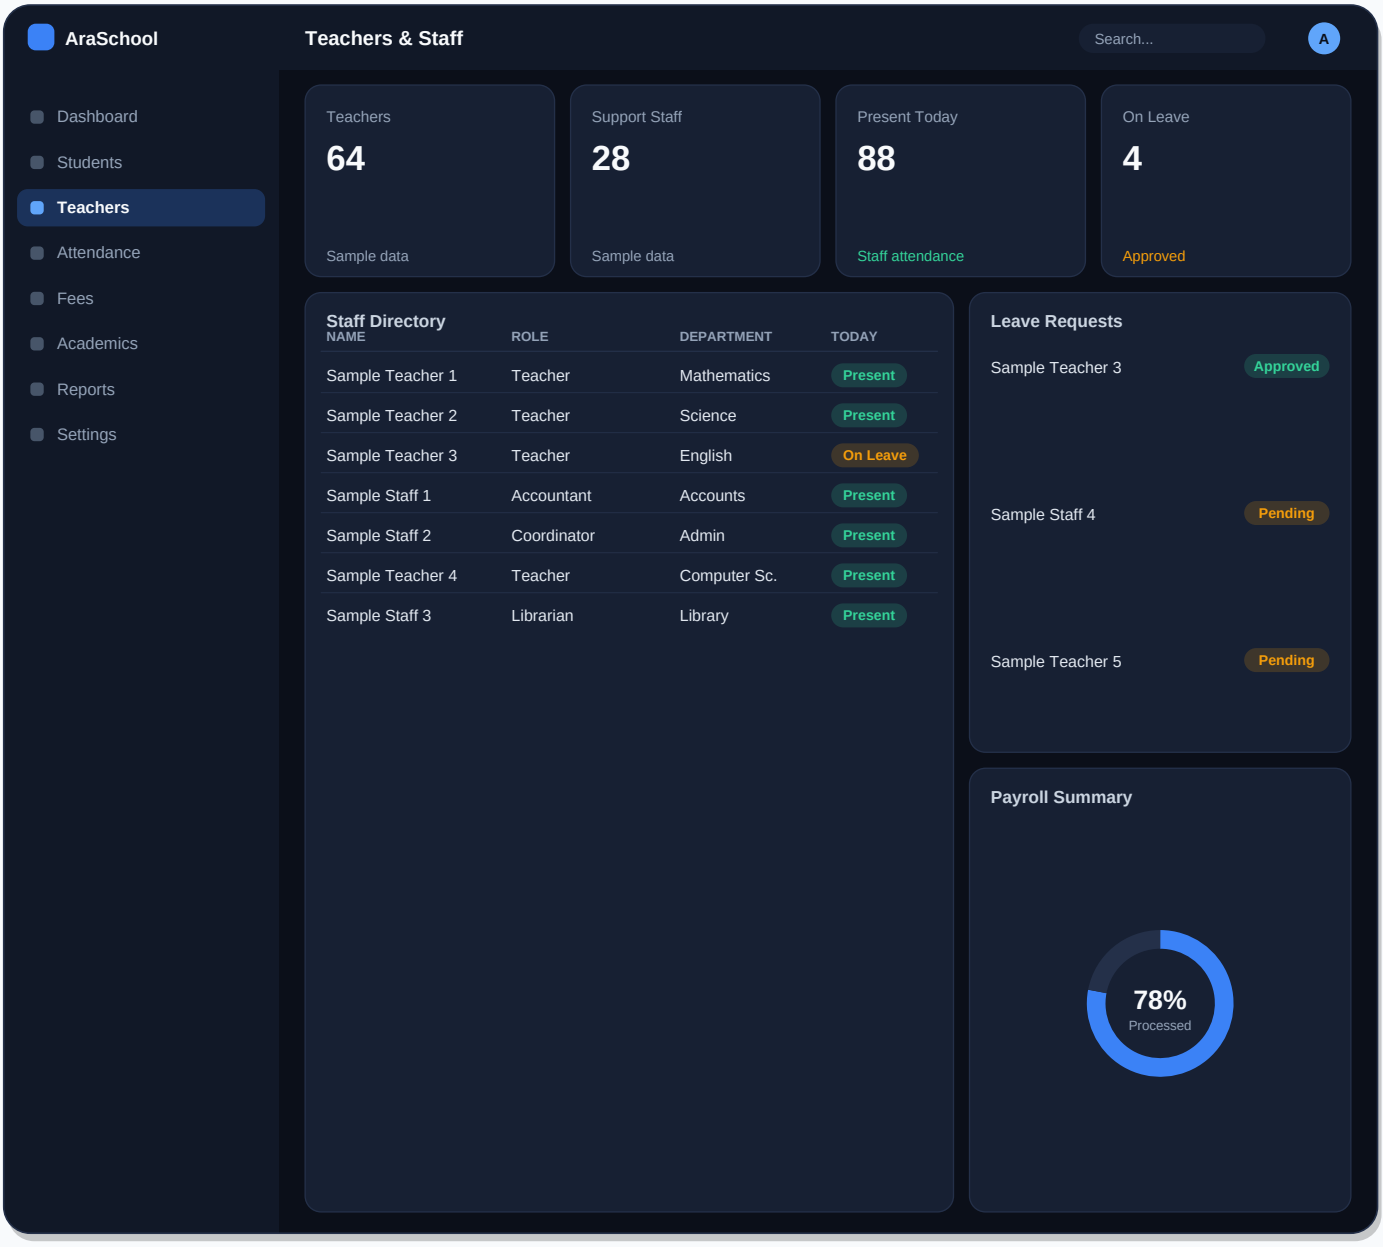

06 / TEACHER, STAFF & HR

MANAGE YOUR TEAM

Keep teacher and staff records, schedules, leave and salaries together, so HR and payroll stay organized.

- Teacher Profiles
- Staff Profiles
- Teacher Attendance
- Staff Attendance
- Class Assignment
- Subject Assignment
- Teacher Schedule
- Leave Management
- Employee Records
- Salary Management
- Payroll
- Staff Documents

STAFF MANAGEMENT DASHBOARD

Illustrative interface. Sample data shown for demonstration purposes only.

07 / ATTENDANCE

SMART ATTENDANCE MANAGEMENT

Capture and review attendance for students, teachers and staff with daily, monthly and historical views.

- Student Attendance
- Teacher Attendance
- Staff Attendance
- Daily Attendance
- Monthly Attendance
- Attendance Reports
- Leave Tracking
- Attendance History
- Automated Attendance Records
- Camera-Based Attendance Support
- Future-ready biometric / device integration

Know who is present, absent or on leave — instantly.

Illustrative interface. Sample data shown for demonstration purposes only.

Online & offline workflows
Attendance workflows can be designed for both online and offline environments.

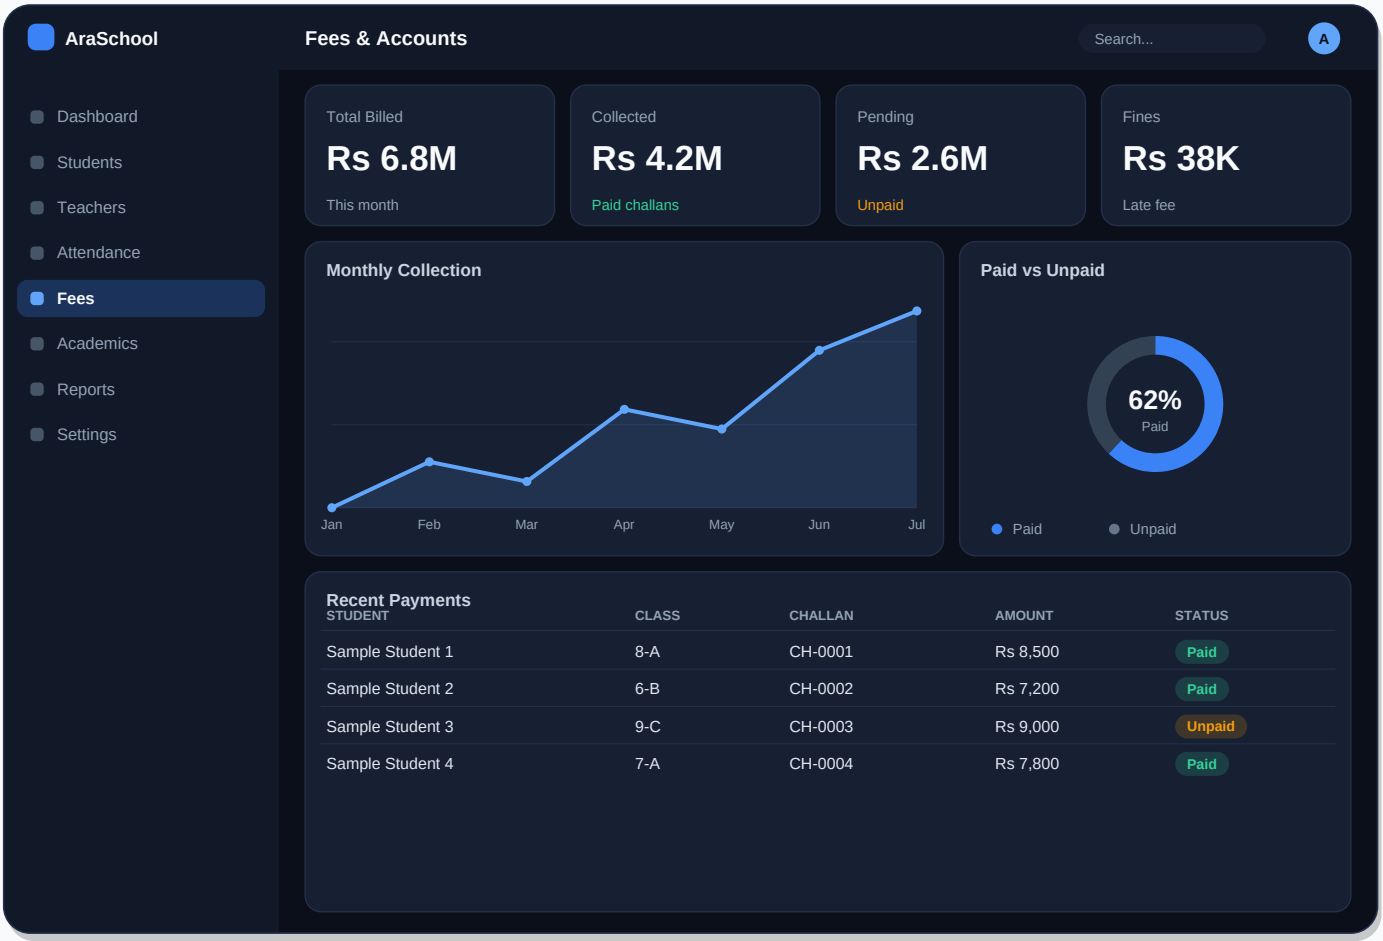

Camera & device ready
Camera-based support today, with biometric / device integration planned.

08 / FEES & FINANCE

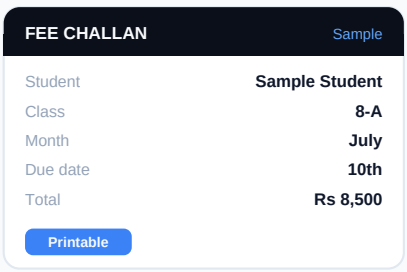

SIMPLIFY SCHOOL FINANCES

Generate challans, record payments and see exactly who has paid and who has not, with reports ready for management.

- Fee Management
- Monthly Fee Records
- Fee Challans
- Printable Challans
- Payment Records
- Paid / Unpaid Tracking
- Fine Management
- Receipts
- Fee History
- Accountant Dashboard
- Financial Reports
- Automated Fee Reminders

Illustrative interface. Sample data shown for demonstration purposes only.

FROM CHALLAN TO CLOSED ACCOUNT

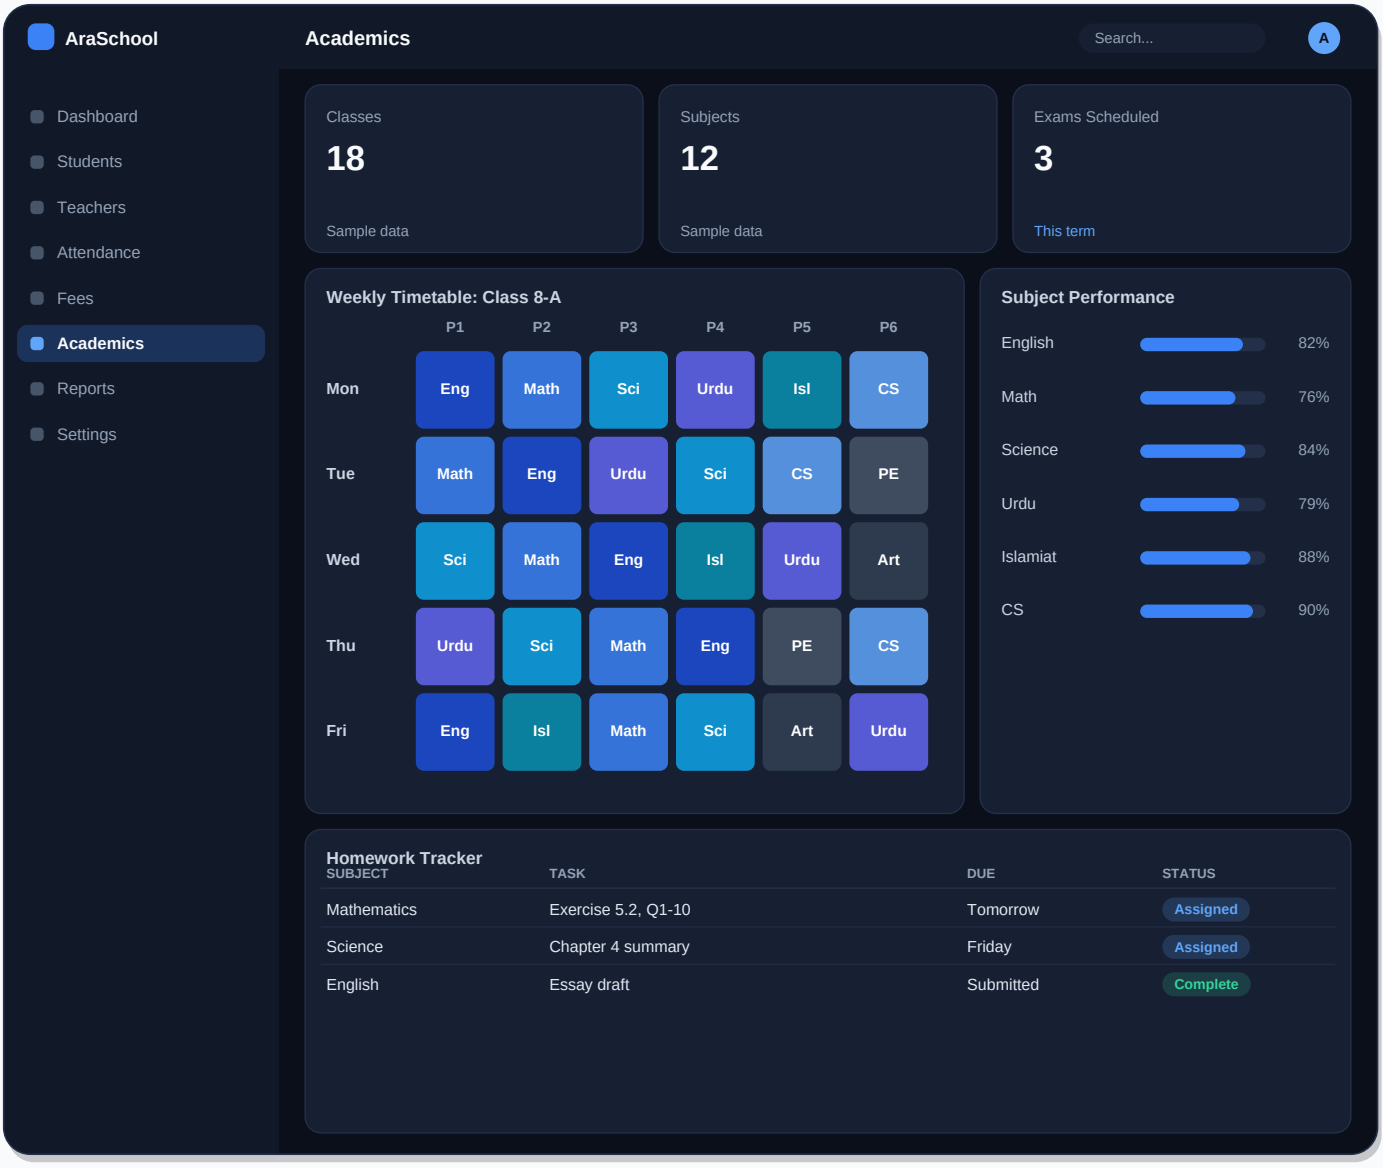

- **Generate** Monthly challans are created per student.
- **Collect** Payments are recorded with receipts.
- **Track** Paid, unpaid and fines stay visible.
- **Remind** Automated reminders reach parents.

09 / ACADEMICS

ACADEMICS, ORGANIZED.

Structure classes, subjects, timetables, exams and results in one place, so academic data stays consistent across the school.

- Classes
- Sections
- Subjects
- Teachers
- Timetable
- Homework
- Exams
- Marks Entry
- Grading
- Results
- Report Cards
- Academic Records
- Student Performance

Illustrative interface. Sample data shown for demonstration purposes only.

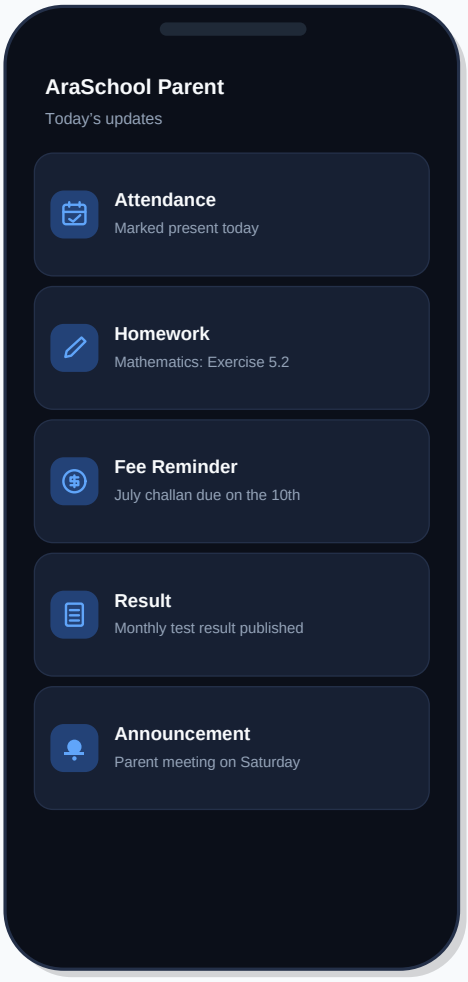

10 / PARENTS & COMMUNICATION

KEEP PARENTS CONNECTED

Parents stay informed about attendance, homework, fees and results without waiting for a phone call or a printed notice.

- Parent Portal
- Student Updates
- Attendance Updates
- Homework Updates
- Fee Reminders
- Result Information
- Notifications
- WhatsApp Integration
- School Announcements

Parent Portal
Secure parent access to child-related information.

Notifications
Attendance, homework, fee and result alerts.

WhatsApp Integration
Reach parents on the channel they already use.

School Announcements
Share notices with all or selected classes.

Better communication. Stronger parent engagement.

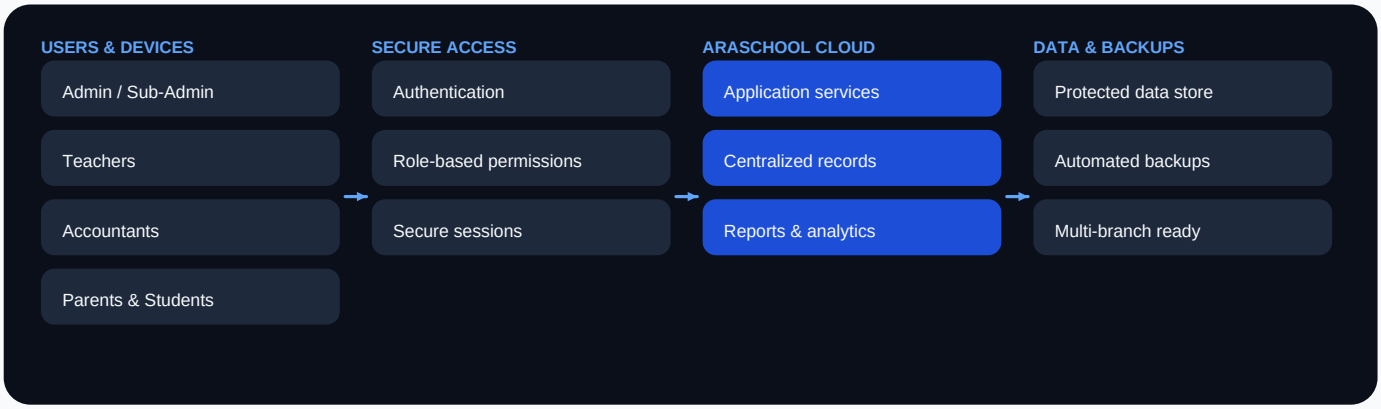

11 / CLOUD & ACCESS

YOUR SCHOOL DATA. AVAILABLE WHEN YOU NEED IT.

AraSchool is a cloud-ready platform. Designed for secure, scalable and reliable school operations.

- **Centralized Data**
- **Secure Online Access**
- **Multi-User Access**
- **Role-Based Permissions**
- **Automated Backups**
- **Scalable Infrastructure**
- **Secure Authentication**
- **Data Protection**
- **Remote Access**
- **Multi-Branch / Multi-School Ready**

HOW IT FITS TOGETHER

Designed for secure, scalable and reliable school operations.

12 / OFFLINE-CAPABLE OPERATIONS

BUILT FOR REAL-WORLD SCHOOL ENVIRONMENTS

Internet connectivity is not always reliable. AraSchool can support offline-capable workflows for important school operations, then synchronize with central records once the connection returns.

1. **OFFLINE MODE**
   Connectivity is temporarily unavailable.
2. **School continues essential operations**
   Staff keep working on supported workflows.
3. **Internet connection restored**
   The device reconnects to the platform.
4. **Data synchronization**
   Locally captured data is synced.
5. **Centralized records updated**
   The central system reflects the latest data.

WHAT THIS MEANS

- Essential operations keep moving during connectivity gaps
- Records stay consistent once data is synchronized
- Workflows are designed around the school's environment
- Less dependence on constant internet availability

SCOPE NOTE

Offline capability is defined per deployment. Not every module is automatically available offline; the offline workflows are scoped and confirmed with each school.

Keep essential school operations moving even when connectivity is temporarily unavailable.

13 / AI-POWERED FUTURE

INTELLIGENCE FOR THE MODERN SCHOOL

AI is positioned as an intelligent layer that can enhance school operations over time.

PLANNED / FUTURE CAPABILITIES The items below are AI-powered capabilities under planning. They are not presented as live features.

PLANNED
AI School Assistant

PLANNED
Intelligent Report Summaries

PLANNED
Student Performance Insights

PLANNED
Attendance Pattern Analysis

PLANNED
Fee Collection Insights

PLANNED
AI-Powered Notifications

PLANNED
Smart Search Across School Records

PLANNED
Automated Administrative Assistance

PLANNED
Teacher Productivity Assistance

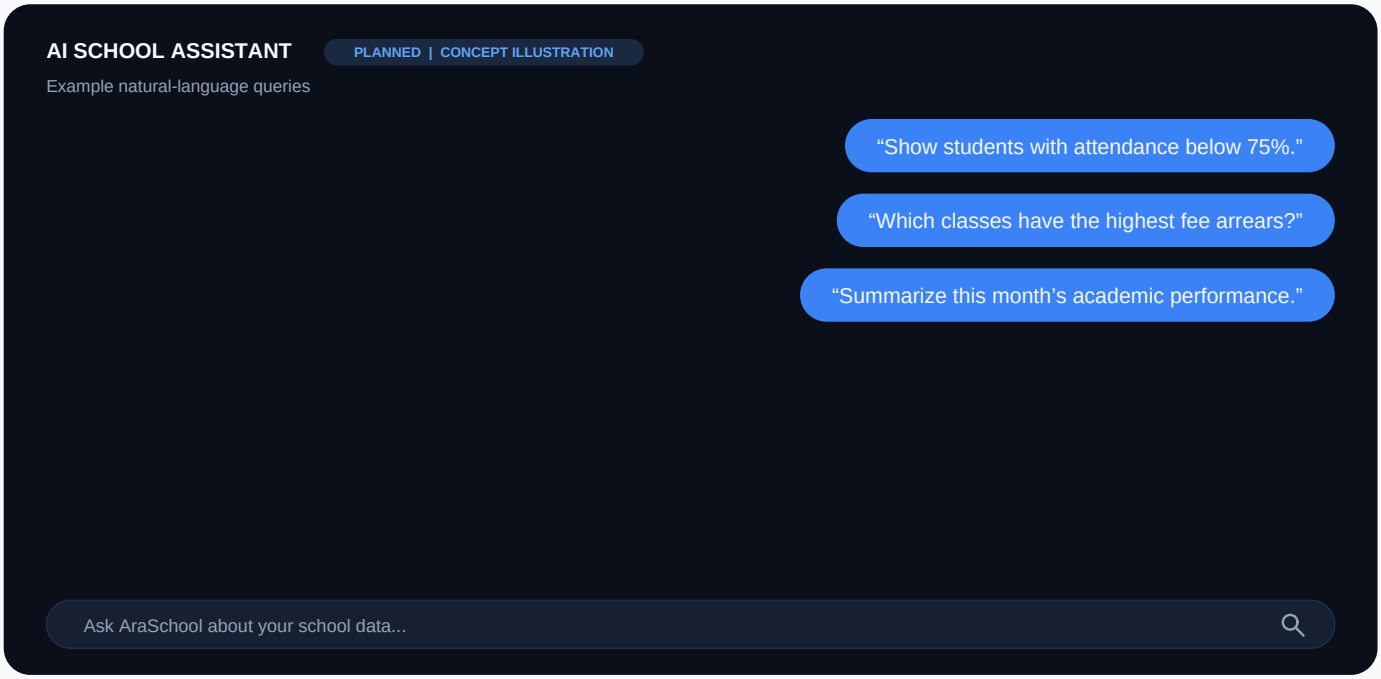

PLANNED
AI-Generated Academic Insights

PLANNED
Predictive Analytics for Management

PLANNED
Natural-Language Queries for School Data

AI SCHOOL ASSISTANT PLANNED | CONCEPT ILLUSTRATION

Example natural-language queries

14 / REPORTS & ANALYTICS

TURN SCHOOL DATA INTO ACTIONABLE INSIGHTS

Management gets a clear, current view of the school, with reports across students, attendance, fees, academics, teachers and payroll.

- **Student Reports**
- **Attendance Reports**
- **Fee Reports**
- **Academic Reports**
- **Teacher Reports**
- **Payroll Reports**
- **Performance Analytics**
- **Management Dashboard**
- **Exportable Reports**

MANAGEMENT DASHBOARD

Illustrative interface. Sample data shown for demonstration purposes only.

15 / ROLES & SECURITY

EVERY USER GETS THE RIGHT ACCESS

Role-based permissions help schools control what each user can view, manage and access.

ADMIN
Full platform control, configuration and reporting.

TEACHER
Attendance, homework, marks and class information.

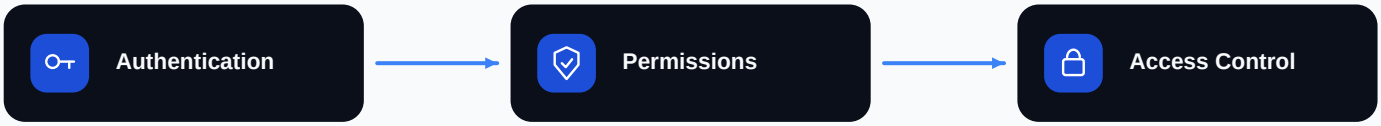

SUB-ADMIN
Delegated administration based on assigned permissions.

ACCOUNTANT
Fees, payments, receipts, payroll and financial reports.

STUDENT
Own timetable, homework, results and attendance.

PARENT
Child-related updates, fees, results and notices.

ACCESS FLOW

SECURITY FOUNDATIONS

- Authentication
- Permissions
- User Management
- Access Control
- Secure Sessions
- Data Backup Strategy

Role-based permissions help schools control what each user can view, manage and access.

16 / WHY ARASCHOOL

WHY SCHOOLS CHOOSE ARASCHOOL

A connected platform that reduces manual effort and gives school leadership a clearer, faster way to run the school.

- **Centralized School Management**
- **Less Manual Work**
- **Faster Administration**
- **Better Parent Communication**
- **Organized Student Records**
- **Easier Fee Management**
- **Better Academic Tracking**
- **Real-Time Operational Visibility**
- **Scalable School Infrastructure**
- **Cloud-Ready**
- **Offline-Capable Workflows**
- **AI-Ready Architecture**

ADMISSIONS TO RESULTS. FEES TO PAYROLL.

From admissions to results, fees to payroll — manage your school from one connected platform.

READY TO DIGITIZE YOUR SCHOOL?

Let AraSchool simplify your school's daily operations and prepare it for the future of education technology.
